Grade 8 Induction Ceremony

Our assembly this week was dedicated to the formal induction of our new Grade 8 students into the High School. Welcome again to all of our young additions to the family.

Grade 8 & 12 Get-Together

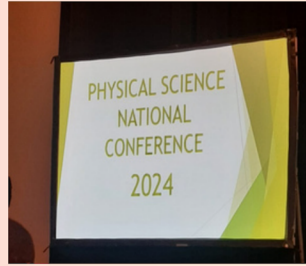

The induction of our Grade 8s to the High School culminated in an afternoon of fun and feasting on Wednesday – this bonding workshop was hosted by our Grade 12 pupils.

Blood Drive

Many of our senior children made use of the South African National Blood Services (SANBS) visit this week Thursday. Thank you to all pupils and staff who gave generously.

User Group Conferences

A large group of our teachers spent last weekend in Benoni attending the IEB User Group Conferences for their subject. This annual conference is of huge benefit to the staff regarding curriculum implementation and the opportunity to network with other IEB schools' subject teachers. Our last group of delegates are off to Benoni today for their subject conferences – safe travels.
