Mother's Day

In celebration of Mother's Day the Lassies and Lads had some fun crafts with their Mom's.

A mother is she who can take the place of all others,
but whose place no one else can take.

Happy Mother's Day!

Parents Corner

Play is what prepares a young
brain for life, love and
schoolwork. Play changes the
connections of the neurons of
the front end of the brain. This is
how children regulate emotions,
make plans and solve problems.
Less screen time and more
messy play is the answer!
