Message from the Principal

It was another huge week for our country in terms of International Recognition. Our Homegrown talent – Tyla walked away with a Grammy this week for her hit song "Water". How encouraging is it to see South Africans flying the flag high!

Congratulations to Bafana Bafana for their commendable performance in a challenging match on Wednesday evening. Despite not securing a victory, their efforts stand as a remarkable achievement.

Thank-A- Teacher

We have learned a lot from our teachers who have taught us discipline, patience, and to think "outside the box." We are also encouraged to be active and positive on the sports field. Our teachers are always shaping and nurturing us. Thank you to our Grade 7 teachers.

Authored by our dynamic duo, Mulisa and Vhugala, the deputy head leaders!

Academic Update

Our Grade 7 Learners are involved in a program called: "MoneyTime" and this interactive simulation aims to give a real world financial experience to our children. It is a wonderful program and I am confident that our children will benefit from the experience. This program is included in our Academic Offering.

Readers are Leaders is an online interactive reading program which promotes a love for reading in a fun and entertaining way. The program is available to our Foundation Phase Learners who make their way to the computer room to enjoy the added benefits of being a part of our School!
