

# Weekly NEWSLETTER

## FOREST WALK.

A massive thank you to all involved in last weekend's Forest Walk. It was so encouraging to see the Ridgeway Community come out in force and enjoy the event. Thank you to all our sponsors, staff, parents, learners and the broader community for making this a memorable event. The Forest Walk has taken place for the last 15 years and whilst the venue and logistics around the event may have changed, it remains a highlight of our year and an event that we all look forward to. Thank you, as without you, it would not be possible.

## Reminder!

Happy Workers Day! A reminder that school will be closed on the **1st, 2nd, 3rd of May 2024**. This is the ideal time for our dads to get an early start on some cute Mother's Day gifts!

## This week in Assembly...

This week in assembly, we focused on "Integrity" with the basic definition being that it is what you do when you know, nobody is watching you. This reinforces our term long theme of Discipline as this is an essential Life Skill that we want to consistently reinforce in our children. I know that you will support us by talking to our children at home about the importance of Integrity.

# INTEGRITY

# World Book Day.

The World Book Day celebrations were the highlight of the week, and we had all sorts of interesting and unique costumes. We must always encourage a love for reading and days like these are critical in promoting this essential skill. Thank you to all involved for yet another successful day.

## Important.

We have observed a notable increase in students needing to contact home due to forgotten items such as projects, stationery, or lunches. We kindly urge parents to ensure that all necessary items are packed in their child's bag each morning to prevent any interruptions to the academic schedule.

## CONGRATULATIONS

Our learners participated against Triegies in a chess competition this week, securing a notable victory with a score of 9-5. This triumph not only reflects our readiness for the upcoming Edugro festival but also underscores our active involvement in diverse fixtures within our locality.

## REAL LIFE FOR KIDS

Real life for kids is an online program that introduces our Learners to becoming an active member of Society, owning property as well as understanding the financial world. This program is exclusive to our Grade 6 learners as part of Life Skills and is done on a combination of online and in class activities. Learners earn money throughout the game and have the opportunity to purchase homes according to their income and jobs. Currently our Grade 6 learners are in the process of earning as much money as they can so that they can compete in the Property Auction coming soon!
