Edugro Sport Festival

It is with great pride that we can report on a successful Edugro festival with some exceptional results that go with our children's fantastic conduct during the trip. We received some commendable results.

- Our U10 Soccer boys placed first in their respective league.
- Our U11 Soccer boys placed 3rd in their respective league.
- Our Chess Team placed first.
- Our Grade 6 and 7 Orators place first with our 4 and 5 learners coming in second place.
- Our Robotics team placed second.
- Our other Soccer and Netball Teams also played admirably and I am confident of even more future successes.

Well done to our entire team.

Science Fair

The Intersen Phase Science Fair took place this week with our learners really excelling in their design and application of their ideas. It was encouraging to hear them present their experiments with such passion.

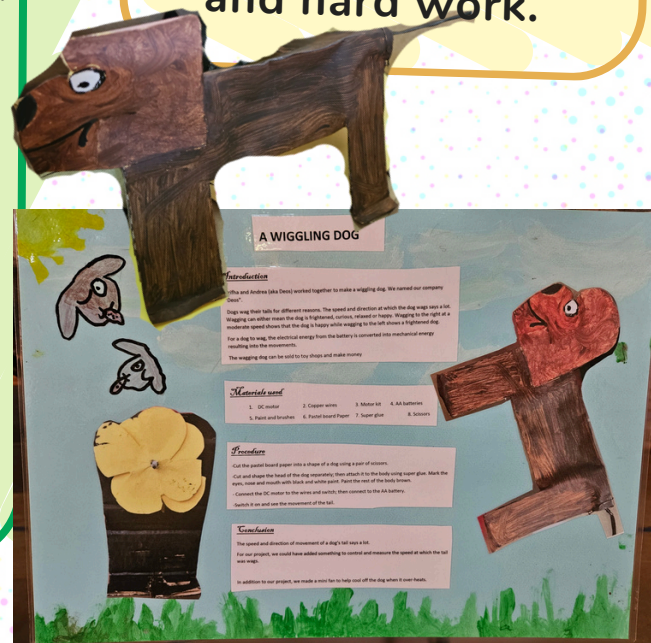

A huge thank you to the many parents that came out to support as well as our Natural Science teachers for the amazing work that was done behind the scenes.

Important

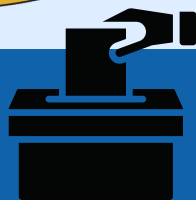

We have reached the end of our extramural cycle for the term as we look to focus on the upcoming examinations for our Intersen Phase learners. I am confident that they are all busy with their preparations and will receive results consistent with their abilities and hard work.

ELECTIONS!

**YOUR VOTE
MATTERS**

Our Foundation Phase Learners were involved in their own Elections this week and were introduced to the Democratic Process. We will release the results of these elections soon.
